To Whom It May Concern:

I have had the pleasure of working with Gregory Yancey and GY Investigations and Legal Services since 1993. As the Director of Risk Management, I have found their services to be extremely professional and driven by a goal of obtaining successful results in a cost-effective manner. They are expertly knowledgeable, insightful and prompt in their work product. Because of this, I have always received favorable results.

I cannot express how much confidence I have in the work they do for me. Their 24-hour service has been invaluable to the our company. I would not hesitate to continue to retain GY Investigations and Legal Services and assign my difficult cases to them.

Thank you for your attention in this matter. If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in cursive script that reads "Joanne Haworth".

Joanne Haworth  
Director of Risk Management
