On November 1, 1983, while assigned as a Search and Escort Officer at the Correctional Training Facility, Central, you were actively involved in the discovery, investigation and solving of an incident at CTF-Central regarding the manufacturing of counterfeiting plates and printing of counterfeit U.S. Currency Notes (\$20.00 bills).

During the course of the investigation of this case, you discovered material evidence in the cell of the principal suspects involved, and your proper handling of that evidence was a credit to your professional standing as a Correctional Officer.
