

Memorandum

Date : 24 FEBRUARY 1987

To : G. J. YANCEY
CORRECTIONAL OFFICER
CTF-SOUTH FACILITY

From : Correctional Training Facility, Soledad 93960

Subject: LETTER OF COMMENDATION

I want to commend you, Officer Yancey, for a job well done during the approximately one (1) year that you worked for me at Central Facility.

During the year that you worked for me, Officer Yancey, you were the lead Officer as senior Officer in G-Wing of Central Facility. In that capacity you were highly dependable and always performed above normal expected requirements.

Officer Yancey, you took on the tough job of running the Program in the most difficult Housing Unit on the Central Mainline and you were successful in your efforts. It took a lot of hard work and determination on your part, but, Officer Yancey, you always delivered. You displayed great diplomatic skills when placed in the position as Lead Officer. This position demanded that you display diplomatic skills in relating to your peers and simultaneously at times you had to fill the role demanded of a supervisor. You were able to meet this requirement and did an excellent job.

Officer Yancey, in your day to day operation within your Unit you dealt with the varied gangs and TIPS, all of whom are violent and hostile groups. You successfully kept track of the identity of gang members and their gang affiliation within the Unit, and the present status of each gang relationship with other gangs. Many times a full scale incident was avoided due to the information provided by you, Officer Yancey and your reports to your supervisors.

You were outstanding in relating with all ethnic groups within the Inmate population and you were successful in developing a good working relationship with the Inmate population which provided you the extra added ability to train and assist other newly assigned Staff.

MEMORANDUM, SUBJECT: LETTER OF COMMENDATION, CORRECTIONAL OFFICER
G. J. YANCEY, 24 FEBRUARY 1987

In May of 1986, Officer Yancey, you received a Letter of Commendation for your keen sense of Correctional Awareness in identifying a breach of security in the locking device in B-Wing. Your sense of security awareness caused a major emergency construction repair to be effected immediately. If not for your excellent sense of security awareness, this problem could have caused serious consequences for Staff and Inmate safety.

Officer Yancey, you did an excellent job in G-Wing while I was your supervisor, and I express my thanks for a job well done.

Thank you, again, Officer Yancey, keep up the good work, and I wish you the very best during your future career with the Department of Corrections.

Sincerely,

T. L. WILLIAMS
CORRECTIONAL LIEUTENANT
CTF-CENTRAL FACILITY
